

GILBERT FAIR, YORK SPRINGS TINNER, DIES

Gilbert Fair, 80, a tinner in York Springs for more than half a century, died suddenly at his home there on Tuesday afternoon about 1:15 o'clock.

Mr. Fair had been in his usual health and had lunch with his daughter-in-law, Mrs. Harold Fair, and then returned to his side of the double house they occupy. When Mrs. Fair went to that side of the house about 1:30 p.m. she found him lying on the floor. Dr. William Flickinger, York Springs, was called but said death had occurred.

The deceased was a tinner for most of his life. He started in business in Hidersburg 56 years ago and for the last 53 years had been in business in York Springs. He was a member of the Pines Lutheran Church.

Mr. Fair was a son of the late Cornelius and Adeline (Fleagle) Fair. His wife, Catherine Fleming Fair, died a number of years ago.

Ike Prays For Guidance, Asks Yanks' Release In Church Today

WASHINGTON (AP) — President Eisenhower and other government officials attended special church services today and heard prayers for Divine guidance for the new Congress. There was a special petition on behalf of efforts to obtain the release of American prisoners held by Red China.

The 45-minute intercession and Holy Communion service at the National Presbyterian church preceded by four hours the start of the 84th Congress at noon. It is an annual service held on the opening day of the national legislature. Prayers were said as in the past, for the nation, for the President, for all in authority, for Congress, for world peace, and for courage and strength of character.

Add New Prayer

A new prayer was added this year — for the mission of Secretary General Dag Hammarskjöld of the United Nations, who has just arrived in Beijing to negotiate for the release of Korean War prisoners still held by Communist China.

That prayer recalled that "our Lord, Jesus Christ, came to preach the deliverance of captives" and besought "high and holy insights" for both sides in the consultations "that relations between nations may be lifted into the spirit of Thy kingdom and a higher way be found for life of the nations of this earth."

About 800 persons attended the services at the President's own church, including Vice President Nixon, members of the Cabinet and Republican and Democratic legislators. The President sat in a fourth row with Sherman Adams, his assistant, and James C. Hagerty, his press secretary.

Assist At Service

Assisting the President's pastor, the Rev. Edward L. R. Elson, were these national church leaders: The Rev. Ralph Waldo Lloyd, moderator of the General Assembly, Presbyterian Church in the United States of America; the Rev. Wade H. Boggs Sr., moderator of the General Assembly, Presbyterian Church in the United States; and the Rev. George A. Long, president of Pittsburgh (Xenia) Theological Seminary of (Continued On Page 2)

More Telephones Are Installed Here

Telephones in the Gettysburg "free service area" increased approximately nine per cent during the last year, according to J. E. Caldwell, Gettysburg district manager for the United Telephone Company. He said "it was among the highest in the state." At the close of the year, there were more than 6,300 telephones in this area, an increase of over 600 during the year.

"The increase in telephones was made possible by the installation and extension of new lines, cables and other telephone apparatus including a major addition to the Gettysburg switchboard," Caldwell said. He also said that the cost to serve an average telephone has "increased over 30 per cent in the last three years."

PAUL STARNER DIES SUDDENLY

Paul Starnier, 52, Idaville, manager of the Edgewood Farm of M. E. Khouse, near Bendersville, was stricken suddenly this morning while he was engaged in trimming trees in an orchard and died before medical aid could arrive.

Death occurred about 11:15 o'clock and was caused by coronary occlusion, according to Dr. C. G. Crist, Adams County coroner, who was called to the scene for an investigation.

Mr. Starnier had been farm manager there for a number of years. He was married and the father of four children.

Funeral arrangements are being made by the Dugan Funeral Home in Bendersville.

URGES STUDY OF NEED FOR FOSTER HOMES

With 96 children under the care of the Child Welfare Services of Adams County at the end of 1954, Miss Bettie Livermore, executive secretary, in her "state of the agency" report to members of the Advisory Committee Tuesday evening urged the appointment of a committee to study the problem of the shortage of foster homes.

Miss Livermore's report indicated more than \$30,000 was spent in child care work last year. That included \$7,000 the agency received from parents, public assistance, social security and a family trust fund and about \$20,500 in county funds. There was also an estimated \$6,000 of state money used here. Exact figures on that sum were not available Tuesday evening.

Miss Livermore praised the county commissioners and the members of the advisory committee for interest in and support of the agency work in 1954.

Using "Study Home"

The secretary also listed the establishment of a "study home" as one of the advances in 1954. The home is used as a temporary placement home for children while they are studied in preparation for more permanent location. There are the maximum of six children in that home now, she said. Three soon will be moved to make room for three more.

Members of the staff traveled 15,000 miles in the performance of their duties in 1954, Miss Livermore said. Three babies from out of the county were placed for adoption here last year and two babies from this county were sent elsewhere for adoption. She pointed out that the county agency was approved by the state last year under the new adoption law.

BETA SIGMA PHI ANNUAL DANCE ON FEBRUARY 12

Plans for the annual Valentine Dance, to be held February 12 at the Hotel Gettysburg, were outlined Tuesday evening at a meeting of the Beta Sigma Phi Sorority held in its rooms in the Weaver building, Lincoln Square.

A more elaborate coronation program is planned for the crowning of the queen of the Valentine dance this year. The program in connection with the crowning of the queen has been developing each year into a top attraction, members said.

Florence Deitz, chairman of the service committee, reported three needy families in the vicinity were aided over the Christmas season. Groceries and toys for the children were presented. Miss Faber, in addition to presiding at the meeting also presented the cultural program, on "Literature."

New Opportunities For Navy Veterans

Chief Quartermaster Louis W. Knott, recruiter in charge of the U. S. Navy Recruiting Station at York, has announced that former regular Navy enlisted men who held certain ratings may now enlist in the regular Navy within a year of their discharge and retain the rank held at the time of discharge or release to inactive duty. Since 1942, the only enlisted men who kept their rate when they re-enlisted were those who did so within three months of their discharge.

The new program, the Navy said, will continue in effect until June 30, 1955. Chief Knott urged everyone interested to contact the Navy Recruiting Station at the Gettysburg Post Office Tuesdays from 10 a.m. to 3 p.m.

MAY NOT PUSH CHECK CHARGE AGAINST VET

Adams County may not prosecute James I. Rickrode, who was arrested Tuesday for passing bad checks, according to District Attorney Daniel E. Teeter, because the U. S. Air Force wants Rickrode for being AWOL.

Before his arrest, Rickrode, a 21-year-old Mt. Holly Springs resident, is alleged to have cashed two fraudulent checks and attempted to cash two others. He is said to have refunded nearly all of the money, and if the merchants who cashed the checks do not prosecute, Mr. Teeter said today that he saw no reason to hold him.

"We're willing to let the Air Force take care of his case," Teeter said, "and forget about the check charge, if costs are paid. We don't want to pay the expense of keeping him in jail here if it can be avoided."

Jailed On Tuesday

Rickrode is scheduled to be turned over to authorities from Middletown Air Force Base today. He was placed in the county jail Tuesday afternoon, following his arrest and interrogation by borough police. He admitted that he had passed the checks.

According to police, he arrived in town Tuesday morning, with little money on his person. He went into Gettysburg Hardware Store and cashed a \$20 check, then into Weishaar Bros. appliance store and cashed a \$30 check. At both he bought some supplies, took his change, and said he would come back for his purchase.

When he tried the same thing at Redding's Supply Store at about 11 a.m., Charles E. Redding decided to check with the Carlisle Bank on which the check was drawn. While he was telephoning, Rickrode fled, saying he "had to buy a pack of cigarettes." Redding learned that Rickrode did not have a bank account under the name given, and he notified police.

The police, aided by two clerks from the Gettysburg Hardware, found Rickrode at 12:30 o'clock in Wolf's Supply Company office, where he was trying to cash another check, and arrested him.

The clerk's who aided in the capture were Ray Seltzer, 90 Springs Ave., and Paul Metz, R. 4.

Adams Countians Approve Ban On Reds In This Area

Most Adams Countians seem to be taking the news calmly that Russians will not be allowed to travel in the county. Few Russians are known to have visited this area and no one seems to be anxious to have the number increase.

Adams County and the rest of southern Pennsylvania were declared "out of bounds" Monday to all Soviet diplomats and other persons traveling with Russian passports. Approximately one-fourth of the United States was so designated by the State Department, in retaliation for similar bans against Americans living or traveling in Russia.

Burgess William G. Weaver said that he is in favor of the ban. "They do it to us, so why shouldn't we do it to them?" he said. He stated, however, that he doubted if the ban would have any effect upon the Civil Defense setup, of which he is chairman.

District Attorney Daniel E. Teeter said that he did not think that

CONFIDENCE IN U.S. LEADERS

H. Edward Riegle, county superintendent of schools, said: "I have every confidence that the men in the State Department know what they are doing." He added that the ban would not affect the county seriously.

Mrs. Helen Snyder, secretary of the Chamber of Commerce, said that the absence of Russians would have little effect on the commerce of the area. "Speaking for myself," she said, "I don't care to have them around especially."

Dr. Walter C. Langsam, president of Gettysburg College and an authority on Russian history, issued the following statement: "I am sure that President Eisenhower and Secretary Dulles had good reason for reaching their decision in the matter of restricting the travel of Russians in the United States."

Wm. H. Plank Rites This Afternoon

Funeral services for William H. Plank, 62, Gettysburg R. 2, who died Monday morning from auto accident injuries he suffered December 28, were held this afternoon at 2 o'clock in the Upper Marsh Creek Church of the Brethren with the Rev. C. M. Valentine and the Rev. J. G. Miller officiating. Interment was in the cemetery adjoining the church. The pallbearers were: Melvin Overholzer, Donald Rudisill, Ronald Hepter, Erman Shipley, Charles Rosensteel and John Reeves.

HISTORIANS RE-ELECT; HEAR PLANK HISTORY

The Adams County Historical Society Tuesday evening re-elected officers, heard 200 years of Plank family history in Adams County and received annual reports from officers and committees at the January meeting in the society's meeting rooms and museum in the court house basement.

Charles S. Dillef, Hanover, was elected president for his second term and the other officers are: Vice president, Mrs. E. S. Lewars; secretary, Miss Margaret McMillan; treasurer, Harry T. Stauffer, and librarian, Miss McMillan. These directors were elected for two years: Dr. Frederick Tilberg, J. M. Sheads, Harry G. Deatrick and Homer N. Young.

A genealogy tracing the ancestry of her husband, the late Edward S. Plank, back to immigrants who came to this country in 1752 was presented to the society in a paper prepared by Mrs. Anna Plank, E. Lincoln Ave.

Link With Ike's Farm

In tracing the descendants of Andrew and Susannah Plank (early spelling of the Plank name) Mrs. Plank showed the descendants intermarried with 20 county families in the first six generations. The list included these names: Mickley, Spangler (who came over on the same boat as the Blanks under the name of Spanngel), Apple, Mayer, Riddiemoor, Trostle, Lawer, Young, Menges, Weaver, Roof, Wilson, Rhinehart, Beard, Swartz, Weikert, Rider, Schriver, Bishop, Shultz, Himmon, Thoman, Kitzmiller, Forney, Glass, Knause, Epley, Anthony, Myers and Klump.

Mrs. Plank's paper revealed that the barn on the Eisenhower farm was built by Mr. and Mrs. J. Edward Plank, parents of Mrs. Foster Beard. Mrs. Beard's mother recalls wounded soldiers being nursed after the battle in the farmhouse there.

Mrs. Plank exhibited work sheets on which she has compiled complete genealogies for her parents and her husband's parents.

Good Year For Museum

President Diller presided at the meeting and called for reports. Treasurer Stauffer said there were 99 members in 1954 and the society ended the year with \$152 in the treasury. (Continued On Page 8)

JUDGE SHEELY CITES MEANING OF AMERICANISM

President Judge W. C. Sheely of the Adams County court said Tuesday night the "tag of un-Americanism" should not be applied simply because we disagree with others.

Speaking at the meeting of York Post 127, American Legion, in York, at an Americanism night program, he said the "great test" of democracy is "always the ultimate good for the greatest number."

He urged the Legionnaires to take more personal responsibilities towards freedom and Americanism "instead of talking about our freedom." Emphasis, he said, should be placed on "what do I owe my community" and "what do I owe my country."

Citing the diverse nationalities which make up the people of America, Judge Sheely said: "Our strength comes from our ability to get along with everyone and absorb the best of each culture."

"No Absolute Freedom"

Appealing for everyday practice of American principles, Judge Sheely defined the "bedrock" of the conception of Americanism as "the dignity and freedom of the individual with his God-given rights and with government organized to protect and promote those rights."

He stressed that there is "no such thing" in this world as absolute freedom. "As examples, he noted that freedom of speech or the press cannot be used to slander or libel."

On the subject of freedom of enterprise, Judge Sheely cited regulations of utilities, food and drug laws and other controls which are designed for public protection.

"As our life and economy get more complex, we can expect more and more regulations," he said. "The question is, by whom and how much should we be regulated?" His answer was "the ultimate good for the greatest number."

Dr. Baughman Pays Tribute To Gettysburg Times, WGET; Veteran Employees Are Honored

(See Photographs On Page 8)

The Gettysburg Times "family," meeting Tuesday night at the Hotel Gettysburg for its 11th annual banquet, paid tribute to the newspaper's oldest employees; heard a message of hope for the future from Dr. Harry F. Baughman, president of the Gettysburg Lutheran Theological Seminary, and learned from reports on their activities for the year that the newspaper and its affiliated radio station, WGET, were able to expand their service to a wider trading area during 1954.

Formation of a "Times Quarter-Century Club," made up of employees of the paper for more than 25 years, was announced by Henry M. Scharf, who served as toastmaster. Twelve were named as the "charter members": Bernard Maguire, oldest employee, who joined the staff in 1913; Walter Small, who became a Times employee in 1916; Miss Rhoda Breighner, 1920; Ralph A. Menchey, 1923; Paul L. Roy and Carl A. Baum, 1924; Paul B. Ramer, 1927; John Raffensperger and Hunter Harness, 1929; Samuel G. Spangler, president of The Times and News Publishing Co. since its establishment in 1923, and M. C. Jones, who has served as vice president since the founding of the company. Also named as a member was Miss Helen Spangler who had served for 25 years up to last year.

COUNTY TO HAVE 200 MARCHERS AT INAUGURAL

Adams County will have 200 marchers, a band and a float in the inaugural parade at Harrisburg January 18, according to plans outlined Tuesday evening at a meeting of the Adams County Democratic Committee here.

The float, 24 feet long by eight feet wide and 11 feet high, will be constructed at Harrisburg by the Albemethy Float Builders Co., of Washington, a national organization which is also constructing floats for numerous other counties participating in the parade honoring the inauguration of Governor George Leader.

Adams County's float will be dominated by a seven-foot apple and will appear to be drawn by nine donkeys. Eight of the donkeys will be replicas of the real thing. The ninth donkey, at the head, will be "George Leader," the donkey owned by the Adams County Democratic committee and kept at Roy Coldsmith's stables on W. High St.

Plan Bus Fleet

The New Oxford High School band, state champions eight times, will head the Adams County marching contingent.

Plans were being made to arrange for six or seven buses to leave from various parts of the county and pick up the parade participants at various communities en route to Harrisburg. Present plans call for the buses to start their trip about 9 a.m. on Inauguration Day and to meet somewhere along the Harrisburg Rd. after their tour of the county, to travel in convoy to Harrisburg. The inauguration is scheduled for 12 noon and the parade will start there at about 12:30 o'clock.

Taughinbaugh Is Chairman

Democratic Chairman Fred G. Klunk named George Taughinbaugh, Gettysburg R. 4, as general chairman for the county's participation in the parade. He is to name two co-chairmen and will select others to carry out the details in connection with the arrangements.

At Tuesday's meeting the Democrats planned to apply the "farm (Continued On Page 8)

TOURIST TRAVEL JUMPS 25,000

The Gettysburg Battlefield had 705,519 visitors during 1954, as compared to 680,815 in 1953, according to the compilation of the year's report completed today by the National Park office.

The report is now made annually to the Department of Interior based on the calendar year. Until two years ago the report was based on the "tourist year" ending October 1.

As prepared by Dr. Frederick Tilberg, National Park historian, the report shows that 161,955 cars toured the battlefield during 1954, and that 42,959 persons visited the field in buses. During 1953 there were 157,867 cars and 41,510 arrived in buses. The report showed that 1,175 buses visited the field in 1953 and 1,212 in 1954.

Reports for the last two months indicated that visitation held up better than the prior year, with 21,891 here in November as compared to 17,963 in the same month in 1953. In December 8,036 were here as compared to 6,663 in December, 1953.

PROMOTED TO SERGEANT

John W. Deatrick, husband of Anna L. Deatrick and son of Mrs. Margaret B. Deatrick, R. 4, has been promoted to the rank of sergeant in the German Army. He is serving with the 61st Tank Battalion, Sergeant Deatrick, who has been in Germany since August, entered the Army last January. Since his promotion he has started a five-week training course in the NCO Academy.

Three Receive Watches

Three employees received watches as members of the Times Twenty Club, employees who have served for 20 years or more. They were: Miss Mary Little, Donald Turner and E. E. "Jim" Wolf, all of whom joined the staff in 1934.

Toastmaster Scharf presented the report on "The Times" progress in a comparison with the year 1949 when a similar report was last presented at a Times dinner. In 1949 the newspaper published 3,190 pages. In 1954 the number of pages was 3,936, an increase of 23.4 per cent. In 1949 the circulation was 4,069, while in 1954 the circulation has increased to 7,936, an increase of 93.6 per cent.

During the five-year period WGET was added by The Times in extending its service to the county. Scharf told the group, and the report showed that 9.5 per cent of the company's gross income now comes from the operation of the station. The Gettysburg Times, which produced 51.1 per cent of the income in 1949, now provides 47.4 per cent. Job printing produces 40.8 per cent, publications, one per cent and other income, rents, etc., brings in 1.3 per cent. Where payrolls took 49.5 per cent of income in 1949, they now take 53 per cent of the total income.

Install New Equipment

The installation of improved equipment and enlargement of facilities and other savings were reflected in a drop in direct costs from 24.7 per cent of all outlay in 1949 to 21 per cent in 1954. The percentage for general expenses were 7.9 in 1949 and 7.7 in 1954 while fixed expenses increased from 2.3 per cent five years ago to 4.6 per cent in 1954, due to higher taxes, depreciation and interest charges. Federal taxation increased slightly while the percentage of profit declined in the five years. Where 6.7 per cent remained in 1949 for purchase of new equipment, etc., only 5.5 per cent remained in 1954.

"The important part of the report is this," Mr. Scharf said, "We are now serving more people and serving them better than we did in 1949. And we will do all right as long as we remember to serve more and more people in better and better fashion."

Scharf praised George Kadwill, foreman of the shop, for the design and printing of the menu and introduced a number of "honorary members of The Times" staff, men who had been speakers at prior dinners (Continued On Page 8)

Exchange Club Names Committee

Jay Bringham was appointed chairman of the Exchange Club's Crime Prevention Week program which will be held next month. The appointment was made by President Thomas C. Brenner at the club's dinner-meeting Tuesday evening at Banker's Restaurant.

Brenner also appointed the following committee to investigate the possibilities of several suggested projects for the coming months: E. Donald Scott, chairman, and Robert P. Snyder and Glenn W. Gulise. Officers of the club plan to attend a state board of control meeting January 15 in Lancaster.

TEENERS ADMIT MAN WAS KILLED DURING LOOTING

PHILADELPHIA (AP)—Police said today two teen-agers admit they took part in a burglary which cost the life of a Delaware County tavernkeeper, but that both deny the killing.

Detective Capt. Clarence J. Ferguson said 18-year-old James P. Ryder, of Philadelphia, accused Gerald Richardson, 17, of firing the shot that killed Roy E. Wunder in Springfield Township last Sept. 19.

Richardson, who recently made a daring escape from City Hall here while being questioned about holdups, told police that he stayed outside the Stoney Creek Tavern, on Baltimore Pike, while Ryder and a third accomplice broke into it. He said it was they who were surprised by the 45-year-old Wunder, who was lying in wait for the return of robbers who had looted his tavern eight times previously.

The third person named by these two is James Graham, 17, of Philadelphia, who was arrested at his home yesterday.

He cried "frameup," under questioning, and went on: "I don't know anything about it. The whole story is a fake."

All three were charged with homicide, burglary and conspiracy.

Richardson fled City Hall a little over a week ago by plunging through a window. He was retaken on Monday.

Couple Observes 61st Anniversary

Mr. and Mrs. William H. Froek, Hanover, quietly observed the 61st anniversary of their marriage on New Year's Day with their four children, their families and friends.

Mr. and Mrs. Froek were married Jan. 1, 1894, in the parsonage of the United Brethren Church, Littlestown, of which both were members, by the late Rev. T. J. Wagner.

Mrs. Froek, who observed her 81st birthday anniversary on Dec. 12, is a daughter of Joseph and Barbara Shaffer Angel, late of Littlestown. Prior to her marriage she was employed as a clerk in the Littlestown post office. For a number of years she was organist in the Littlestown church and Sunday school and there met her husband, who was also active in the work of the church.

Mr. Froek was a son of the late Jeremiah and Sarah Jane Diehl Froek, who resided on a farm near Feltz's schoolhouse. Both Mr. and Mrs. Froek attended that school.

Completing Work On Concrete Bridge

Finishing touches were being given to the new concrete bridge over the Bermudian, near York Springs today, with the concrete members of the 74-foot bridge placed Tuesday between 10 a.m. and dusk.

The Adams county commissioners made a special trip to Littlestown, to witness the placing of the pre-stressed, pre-tensioned, concrete sections as they were placed by workmen of the Stewart and March company of York.

The new concrete bridge replaces a wooden covered bridge that was ordered removed after a tractor-trailer truck went through the floor of the structure some months ago.

This morning the commissioners handled routine business at their office in the court house. This afternoon they will meet with the auditors and county treasurer as the Sinking Fund Commission for what may be the last meeting of that group.

"WHEN I MET YOU"

Something happened when I met you . . . for I felt a strange new thrill . . . and the magic of the moment . . . lingers in my memory still . . . It was like a trip to dreamland . . . when your loving eyes met mine . . . and I drifted up to heaven . . . tenderly and so divine . . . there was music softly playing . . . while the stars were shining bright . . . and the whole, wide world was smiling . . . on that most wonderful night . . . gentle breezes waft their incense . . . with a scent extremely rare . . . and the moonbeams formed a halo . . . that gave glory to your hair . . . then we kissed and held each other . . . no, I never will forget . . . for I found my heart's desire . . . sweet fulfillment when we met.

Assumpsit Action Filed Here Monday

Edward B. Wagman, Dallastown, has filed suit against Leroy Rodgers, Abbottstown, to obtain payment of an alleged \$178.90 bill. His action in assumpsit was filed Monday with the prothonotary.

The complaint alleges that on August 21, 1953, he installed a septic tank for the use of Mr. Rodgers, according to an oral agreement, but that he latter has refused to pay any part of the bill. Wagman's suit asks damages of \$178.90, the amount of the bill, plus interest since the date of installation.

Adams Countians Approve Ban On Reds In This Area

States. Our relations with the USSR since the close of the Second World War would seem to indicate that the normal approaches of diplomacy do not impress Moscow's diplomats.

"Moreover, while Westerners generally regard compromise as wise and courageous, the Russian officials seem to look upon concessions as signs of weakness and stupidity. Presumably, therefore, the Washington administration has decided that the time has come to take retaliatory action."

"Entirely Justified"

Leroy Smith, past president of the Gettysburg Travel Council, said that the Russian ban will probably not affect travel, since he knows of no Russians who have come through the area. "I don't know what harm they could do, except maybe around the 'Little Pentagon' area at Fairfield, but they have the same restrictions in Russia, so it's entirely justified. Still I would rather have our country set a good example for the Russians, by inviting them in to look around."

Dr. J. Walter Coleman, superintendent of the National Park, said that he knew of no Russians who have toured the battlefield.

Joseph Rosensteel, of the National Museum, could recall only one, "Some girl who came through here last summer listed her nationality as Russian," he said, "but I have no idea who she was or what her position was."

"Ban Is Proper"

In the upper end of the county, M. E. Knoose, president of Knoose Foods Cooperative commented: "I would imagine that basically the presence of the 'Little Pentagon' near Adams County is the reason for prohibiting the entrance of Russians to the county, and on that basis the ban is highly proper. The communications center near Pottsville is designed to be a nerve center for the nation in time of war. From it would go the messages that would control our defense, and to it would come information from throughout the world. Certainly on the basis of our own defense the prohibition is needed. I am heartily in accord with the action."

Kenneth Alwine, president of the Biglerville Business Club, was brief: "Personally I have no good for the Russians in any way, shape or form. I am not in position to know where they should be permitted to go, or where they should not, but if the powers that be feel they should be prohibited from Adams County I am greatly in favor."

"Might Cause Mischief"

L. V. Stock, supervising principal of the Upper Adams Joint School system, pointed out: "Certain limitations are required on everyone's movements. We as citizens of the U.S. cannot go into defense plants, or military installations without restrictions, and it is only right and proper that such restrictions are placed. We do not feel that we are being imposed upon when we are not allowed unauthorized entry into factories or other installations. And certainly the Russians should be banned from areas where they might cause mischief. The authorities are the only ones who could determine which areas are the ones from which the Russians should be barred, and the Russians can have no complaint when they are refused entry to areas where they may cause harm."

Donald Horst, president of the Upper Adams Lions Club, said: "If we are prohibited from visiting certain parts of Russia then there is no reason why we should not reciprocate. There is no reason why we should give the Russians a key to the front door as it were and invite them in to look over everything we have. If the Russians came here as visitors it would be one thing, but we know that the Russians are not just tourists. When they travel it is for a purpose."

Mass will be offered at 7:30 a.m. by the Rev. Philip J. Gergen, pastor. For the convenience of parishioners wishing to receive Holy Communion before leaving for their work, Father Gergen will minister to them at 6 a.m. at the church.

are in foster homes, Miss Livermore said. Twenty-nine are with their parents but under the care of the welfare organization. Four are in institutions and the two others are the two sent out of the county for adoption.

Annual Meeting April 5

Chairman C. C. Culp presided at Tuesday's meeting and asked Mrs. George F. Eberhart to serve as chairman of the committee on arrangements for the annual dinner meeting of the Child Welfare Services Tuesday, April 5. She will succeed Mrs. Harold Steiner as chairman. Mrs. Steiner had to be relieved of the responsibility because of illness.

The advisory group approved an allowance for incidental expenses for a county girl in an institution and the publicity committee was asked to comply with AAUW request for agency participation in a current series of radio programs.

A report was made on the plan by which all children under care of the agency received gifts at Christmas time and some of the letters of thanks from children were read Tuesday evening.

Nine members of the advisory board attended the meeting with Miss Livermore and Mrs. D. A. Padgett of the staff in attendance. After the general session the Budget Committee met to prepare a 1953 budget for submission to the county commissioners. Luther Ritter of Littlestown is budget committee chairman.

SENT TO PRISON FOR MISUSING U.S. SECRETS

By KARL R. BAUMAN

ALEXANDRIA, Va. (AP) — Joseph S. Petersen Jr. has begun a seven-year prison sentence for misusing government secrets entrusted to him as a veteran employee of the Bush-hush National Security Agency.

U.S. Dist. Judge Albert V. Bryan who imposed sentence late yesterday, said Petersen "deliberately violated both the confidence and the trust" placed in him by the government. A native of New Orleans, Petersen worked for the NSA and predecessor agencies for 13 years before his arrest three months ago.

Petersen, 40, pleaded guilty Dec. 22 to a charge that he unlawfully stored government secrets in his Arlington, Va. apartment. Included were notes from two documents classified as top secret. The notes indicated that this country had succeeded in breaking a Netherlands' code and had intercepted North Korean security communications. Two other documents found in the apartment bore lower classifications.

Waves Appeal Rights

The government dropped two other charges against Petersen. By pleading guilty, Petersen waived any right to appeal. He must serve one-third of his sentence less allowances for good conduct, before becoming eligible for parole. The justice Department will decide where he will be imprisoned. Judge Bryan could have given Petersen 10 years in jail and fined him \$10,000.

While an espionage case, it lacked any Communist overtones. Petersen's contacts were with intelligence officials of the Netherlands, a friendly power.

FOA TO HIRE LADEJINSKY

WASHINGTON (AP)—The Foreign Operations Administration was believed ready to announce today the hiring of Wolf Ladejinsky, ousted as an agricultural attaché on security grounds and now the center of a controversy raging in and out of the government.

FOA officials said yesterday that Ladejinsky, who was commended officially for land reform work in Japan, would be assigned to similar tasks with FOA, which handles this country's foreign aid program. It was understood he would be given the task of improving conditions in Communist-threatened Southern Indochina.

Secretary of Agriculture Benson held that the Russian-born Ladejinsky could not meet his departments security and technical requirements and thus could not be retained as agricultural attaché in Japan.

However, FOA Director Harold E. Stassen was understood to be satisfied Ladejinsky, a naturalized American since 1928, qualifies under his agency's security standards. Ladejinsky twice has won State Department security clearance.

The number of members in the Adams County 4-H Tractor Maintenance Club grew to 38 Monday night with additional members joining the group at a meeting held at the Court House.

The club is to be divided into one group of 23 taking the first year's course while the remainder will be in second and third year work.

Assistant County Agent Fred H. Attinger spoke of plans for demonstrations and meetings at various implement dealers establishments through the county where instruction will be given on various phases of tractor operation and maintenance.

Allen Witherow, Gettysburg R. 4, gave a demonstration of the care of ignition systems on tractors and Glenn Zepp, Gettysburg R. 4, demonstrated spark plug adjustment.

MEDIA, Pa. (AP)—Funeral services will be held tomorrow for Miss Dora Wilds, daughter of the late Delaware state Sen. J. Frank Wilds. Miss Wilds, 81, died Monday at Smith Memorial Nursing Home following a brief illness.

Services will be held in the Griffith Funeral Chapel in Norwood with burial at Christ Church Cemetery in her native Dover, Del.

Mr. and Mrs. Charles R. Weaver, Gardners, celebrated their fiftieth wedding anniversary at their home, December 29, 1904. Mr. Weaver is the son of the late Mr. and Mrs. Benjamin Weaver, York Springs, while Mrs. Weaver is the former Dora Miller, daughter of the late Mr. and Mrs. Benjamin Miller, York Springs.

Mr. and Mrs. Weaver have three children, C. Rodney Weaver and Mrs. John Marks, both of Gardners, of Dillsburg. After he was married he moved to Center Mills where he set up his business. In 1910 the Weavers moved to Gardners, where he continued in business until the automobile and tractor eliminated the need for blacksmiths.

The Weavers received cards and gifts from their friends and children on the occasion of their anniversary. A dinner planned by the couple's children has been postponed until a later date, due to Mrs. Weaver's ill health.

Mr. Weaver was reported to be "in his usual health."

Rotarians Will Hear Mrs. Lewars: Continuing her efforts to keep Gettysburg College educational by influencing opinion Mrs. Elsie Singmaster Lewars will address the weekly meeting of the Rotary club at its meeting Monday evening at the Eagle Hotel.

This is the last year co-ed students will be admitted to the local school unless the board of trustees rescinds previous action at the commencement meeting this year.

Asks Parents To Help Fight Scarlet Fever: Lloyd C. Keefe, superintendent of schools, asked the cooperation of local residents in efforts being made to check the spread of scarlet fever. He particularly asked that parents of children, who are out of school, cooperate to the "fullest extent" with Miss Margaret McMillan, attendance officer, who is investigating the reason for the absence of a number of pupils.

Miss Bream Is Wedded January 1: Miss Treva Mae Bream, daughter of Mr. Minnie Bream, 216 Chambersburg St., and Dr. D. L. Beagle, local chiropractor, son of Mrs. Grace Beagle, of Bedford, Pa., were united in marriage at 12 o'clock noon New Year's day, at the home of the bride's mother.

The Rev. Earl J. Bowman officiated at the ceremony. Only members of the two immediate families were in attendance. Miss Helen Bream and Dr. R. M. Phraener, of Littlestown, were the attendants.

Twins Born At Local Hospital: Twin boys, sons of Mr. and Mrs. Charles F. Rodgers, of Pleasantville, New Jersey, were born early Wednesday morning at the Warner Hospital here and are reported as thriving nicely.

County Couple Married Tuesday: Miss Mary Luella Rohrbach, daughter of Mrs. Annie A. Rohrbach, Littlestown, and John Merle Cook, son of Mr. and Mrs. W. J. W. Md. Railway Watchman Will Retire: William Hummer, Railroad St., watchman at the N. Stratton St. crossing of the Western Maryland railroad for twelve years, resigned his position as of December 31, 1954 and was succeeded on Wednesday by I. P. Stoller, of Gettysburg.

Advancing age caused the sixty-nine-year old watchman to give up the position.

Mr. Hummer had his right foot and ankle crushed by a drifting car about twenty-five years ago. At that time he was working as a freight deliveryman in Gettysburg. After Mr. Hummer was injured he turned his day business over to his son, B. W. Hummer, who has since conducted it.

After the injury Mr. Hummer was elected treasurer of Adams county, serving a three year term.

The Rev. H. A. Hake, of Harrisburg, will conduct the dedicatory service and the Rev. C. C. Cole, of New York City, former pastor here, will preach the sermon.

Today's Talk

A PUSH TO THE MIND

A healthy, happy body needs prodding and stirring up, just like the garden needs hoeing and watering, and the place to start and make it habitual is in the mind. Keep giving a push to the mind, though the reading of interesting books and in interests that keep the mind alert and happily occupied.

The mind can easily get lazy, just as the body does when it gets neglectful and careless. There are a lot of people walking around in the streets and throughout life who merely seem to be moving without any desire or purpose. Their minds need a good push—an awakening to the part that they ought to play, for there is no room for drones among human beings.

I note that the reading of mystery stories is quite general among useful men and women. Many a President of the United States has found recreation of mind in their reading. They stir the inactive cells of the brain! One of the most useful and inspiring world citizens was John Buchan, the English author and statesman. He wrote scores of mystery books that have been enjoyed by numberless human beings, myself among them.

Another writer of mystery stories is the English writer Claude Haughton. I never fall asleep reading one of his latest tales. He gives a push to the mind from page to page! I can imagine no future time when the Sherlock Holmes stories will not be read, and with pleasure and mental profit.

I once read the statement about Theodore Roosevelt that he knew less about more things than any man in the world. That statement was a pleasant surprise, but it would have been a significant statement had he said that Roosevelt knew something, instead of less, about more things, for his was a live and remarkable mind. He pushed it into all directions, which gave him a grasp of knowledge that amazed many who came in contact with him.

The late Justice Holmes once remarked that he took up translations of ancient languages just to exercise his mind!

Tomorrow Mr. Adams will talk on the subject: "Goodwill". Protected, 1955, George Matthew Adams Service

Just Folks

BEST
To be content with something less
Than is your best,
Is not the way to earn success
By any test.

With "good enough" stay satisfied,
And you'll be known
As one whose work a lack of pride
Has often shown.

To be the best of all his group
Should be man's aim.
To less than that no one should stoop,
For that is shame.

WITHDRAWS LIBEL SUIT
EASTON, Pa. (AP)—Rep. Francis E. Walter (D-Pa.) has withdrawn a \$250,000 libel suit filed in Northampton County last Oct. 30 against State Sen. Montgomery F. Crowe (R-Stroudsburg).

Walter said Monday he had received an apology from Crowe saying that allegations he made in good faith in last fall's election campaign proved to be false.

Fire Sweeps Through U.S. Capitol Building: Washington January 4, (AP)—Fire blazed for more than 30 minutes Friday night about the dome of the capitol of the United States.

Originating in the room of a capitol artist, it damaged the documents of the house and sent flames shooting toward the great figure of Liberty at the top, while thousands within the great parkways stood in fear that the historic building would be destroyed.

More than 25 companies were called upon to fight the stubborn blaze which at first smoldered beneath the roof and then broke through to shoot shafts of reddish hue into the air.

MOTHER OF POW FEARS CHINESE TORTURED HIM

By BOB HOLTON
LEWISBURG, Pa. (AP)—The mother of an Air Force major held prisoner by the Chinese Communists says she fears the extremes to which his captors may have gone to get an alleged confession from him.

Mrs. Hurley Baumer said that she was "quite sure it would be no easy matter for the Communists" to make Maj. William H. Baumer, 32, sign the confession claimed Monday by Red China.

Peiping Radio said Baumer confessed that he flew "several special photo missions along the coasts of China and Russia" before he was shot down over northeast China in January, 1953.

One of 11 American airmen convicted as "spies," Baumer was sentenced to 8 years imprisonment by a Red Chinese military court.

Fear Brain-Washing
"Sometimes I think the report is a lot of propaganda and that my son never did make any sort of confession. Then again I shudder at the thought he might have made the confession after having his brain washed," Mrs. Baumer told a newsman.

"My son is above average," she continued, "an I'm quite sure that it would be no easy matter for the Communists to make him sign any such confession."

The U. S. has protested the November sentencing of the 11 airmen on what it calls "thumped up charges." The U. S. Defense Department said the 11 were on a "routine flight near the Yalu River (in North Korea) when they were shot down Jan. 12, 1953."

The Peiping broadcast asserted that Baumer "flew a photo mission over the coast of China" between Formosa and the big south China island of Hainan in December, 1951. It quoted him as allegedly saying: "I flew to Clark Field, the Philippines, and waited there for a suitable weather forecast. We took off, flew to Hainan and started taking photos of towns, airfields, harbors, etc."

Peiping asserted that in January 1952, Baumer flew another photo mission along the coast of China from Formosa "to just south of Shanghai."

Baumer says, "Peiping added, 'that he also flew reconnaissance missions along the coasts of Siberia and other Soviet islands in the Far East.'"

These included, claimed Peiping, flights along the coasts of Siberia and Sakhalin, a large island north of Japan, in the fall of 1951 and one along the lower Kurile Islands northeast of Japan about the same time.

Peiping also said Baumer said his outfit carried out what it called "electronic" missions, but did not elaborate. It said "these missions were classified top secret."

LEADER NAMES NEW YORKER TO CABINET POST

HARRISBURG (AP)—Gov.-elect George M. Leader reached into another state Tuesday for a secretary of health to serve in his cabinet.

His choice is Dr. Berwyn F. Mattison, 44-year-old Erie County, N. Y., health commissioner for the last five years, with headquarters in Buffalo.

Mattison will replace Dr. Russell E. Teague, an appointee of Gov. John S. Fine, who is returning to the U. S. Public Health Service from whom he was on "loan."

The new appointment is the half-way mark for Leader in choosing his cabinet. He has named nine so far. There are still nine to go.

Dr. Teague disclosed that he will return to active duty with the Public Health Service on Jan. 18. He said he applied for active duty with the service and received his notice to report for duty effective the day Gov. Fine leaves office.

Sought Old Job
"About three or four weeks ago I began to get the impression that the new administration was not going to pick me for reappointment," he said.

He holds the rank of colonel in the Public Health Service and said his assignment will be in the Bureau of State Services.

Meanwhile, there was speculation that Leader was running into trouble in trying to pick a secretary of labor and industry.

Labor leaders—including the AFL-Pennsylvania Federation of Labor, state CIO council and United Mine Workers—have endorsed Allen Sulcove, Philadelphia, for the post. Sulcove is now director of the state employment service.

But party leaders have been urging Leader to give the job to John Torquato, Johnstown, Cambria County Democratic chairman.

U.S. To Pay Two Million To Japs

TOKYO (AP)—The United States has agreed to pay two million dollars for damage caused by last spring's H-bomb tests at Bikini Atoll, the Japanese Foreign Ministry announced Tuesday.

During negotiations lasting several months, Japan had demanded up to seven million dollars.

Radioactive ash from the March 1 test showered 23 Japanese fishermen. One died and the others have been hospitalized almost continuously since returning to Japan.

Japan also complained that tons of radioactive fish have been destroyed and fishing operations in the Pacific hampered.

COURT CITES 7 NEWSPAPERMEN OVER PICTURES

GREENSBURG, Pa. (AP)—The Westmoreland County Courts has cited two newspaper publishers, three photographers, an editor and a reporter for contempt of court and ordered their arrest.

Sheriff Howard Thomas said the order, called a writ of attachment, cited the newspapermen for contempt of court on Dec. 28—the date that photographs were taken in the Westmoreland County Courthouse despite a court ban against photos.

Thomas listed those cited as: William Block, publisher of the Pittsburgh Post-Gazette; David W. Mack, publisher of the Greensburg Tribune-Review Publishing Co.; Andrew Bernhard, editor of the Post-Gazette; Victor Johnson, a Post-Gazette reporter; James Klingensmith and Don Binkyde, Post-Gazette photographers; and Robert Purdy, a Pittsburgh studio photographer.

Covered Wable Case
Both newspapers assigned photographers to cover the sentencing Dec. 28 of John Wesley Wable, convicted phantom killer of the Pennsylvania Turnpike who was condemned to death in the electric chair.

The photographers took photos of Wable in the corridors of the courthouse as he was being led to the courtroom and later as he was being taken back to jail. Binkyde of the Post-Gazette and Purdy, a freelance photographer hired by the Tribune-Review, took the pictures with concealed 35 millimeter cameras.

Both newspapers published the photographs.

The court-ordered ban against photos was issued last Feb. 25 by Judge Edward G. Bauer on the eve of Wable's trial. It later was endorsed by the court as a whole and has since been modified somewhat.

As the order stands now, it bans the taking of photos of any prisoner in the courthouse or jail.

It also limits the photographing of other persons within 40 feet of the entrance to any court that is in session or in recess.

The ban was appealed by the Post-Gazette and the Greensburg newspapers through the federal courts and the state Supreme Court.

The state Supreme Court finally ruled that it could not hear the appeal because, in effect, no one has been arrested and, therefore, no one's liberty was at stake.

OK GOLDWATER FOR DIRKSEN'S COMMITTEE JOB

By JACK BELL
WASHINGTON (AP)—White House assent was reported Tuesday for a move to name Sen. Goldwater of Arizona as chairman of the Republican Senatorial Campaign Committee.

If he is chosen by the Conference of Republican Senators, he would step into the place now filled by Sen. Dirksen of Illinois, ineligible under present rules because he is expected to become a candidate for re-election in 1956.

Both Goldwater and Dirksen voted "no" when the Senate Dec. 2 condemned Sen. McCarthy (R-Wis) 67-22 for some of his actions, but when McCarthy criticized President Eisenhower Dec. 7, Goldwater was among the first to defend the President.

To Re-Elect Knowland
At that time, McCarthy said Eisenhower had congratulated those who had hampered the exposure of Communists. And he accused the President of displaying a "shrinking show of weakness" in dealing with Communist China's imprisonment of 11 American airmen as "spies."

The Republicans scheduled a conference of all their members today at which Sen. Knowland of California was expected to be re-elected floor leader without opposition.

Sen. Bridges of New Hampshire is scheduled to become chairman of the party policy committee. Sen. Millikin of Colorado is expected to continue as chairman of the conference, with Sen. Young of North Dakota as its secretary. Knowland, Bridges Millikin and Young all opposed censure.

To Endorse George
Senate Democrats, meeting later today, are expected to endorse Sen. George of Georgia as president pro tempore of the Senate, replacing Bridges.

There has been no open opposition to the re-election of Sen. Lyndon B. Johnson of Texas as Democratic leader and Sen. Clements of Kentucky as assistant leader.

In House caucuses, Democrats are expected to name five new members to the powerful Ways and Means Committee—Harrison of Virginia, Icard of Texas, Herlong of Florida, McCarthy of Minnesota and Karsten of Missouri.

Rep. Rayburn of Texas is scheduled to become speaker and Rep. McCormack of Massachusetts the majority leader.

Republicans will make retiring Speaker Martin their majority leader.

TWO FACTIONS STRUGGLING FOR SUPREMACY IN RUSSIA TODAY

Editor's Note—Is the top about to blow off the "committee rule" that succeeded Stalin as the governing force in the Soviet Union? Two former Moscow correspondents, who regularly read and analyze the Russian press, appraise the possibilities in this article.

By TOM WHITNEY and WILLIAM L. RYAN
Associated Press Foreign Staff
Moscow's recent pronouncements suggest that two distinct factions in the Soviet hierarchy are struggling for supremacy. The argument may yet have to be resolved by another purge in high places.

Unmistakable references in the Soviet press to serious heresies and factionalism within the Communist party hint at a showdown.

Foreign policy seems definitely involved, particularly to the extent that it is concerned with plotting the course of world communism in the immediate future. Thus world peace—or the lack of it—may depend upon the outcome of such an internal Soviet struggle.

Two Schools Of Thought
All signs seem to point to this sort of division:

On one side—the Communists of the Stalin school, devoted to the principle of dynamic communism which has produced such dangerous situations as the Berlin blockade and the Korean War.

On the other side—the Communists of more conservative and cautious leanings who believe that time is on their side and they can play the waiting game while building internally. This sort of approach led to the Korean and Indo-Chinese truces and to a surface slackening of world tensions after Stalin's death.

The Soviet press, reflecting the views of the Communist leadership, has been going through a strange series of reversals ever since Stalin died.

Purges Praised
By Leninist definition, Soviet foreign policy simply is an extension of domestic policy all keyed to the ultimate goal of a world dominated by Soviet communism. Thus twists in Soviet foreign policy can reflect indecision and even disputes inside the Kremlin walls.

For the first time since before Stalin's death, the Soviet press refers to the blood purges of the late dictator and praises the methods by which he maintained the "steel unity" of the party. Articles in important journals on the 75th anniversary of Stalin's birth are dotted with such references. Pravda, official Communist newspaper, carried a six-column editorial Dec. 21, by an outstanding party propagandist, which twice referred to Stalin's service in riding the party of heresies. Twice he mentioned "Trotskyists."

Ordinarily, the Soviet press does not dwell on the history of the great Stalin blood purges. The party seems quite conscious that the Soviet public—particularly the intellectual class—hates the very thought of what happened in the mid-1930s. The blood purge idea is trotted out at moments when the party considers it vitally necessary, possibly to justify a political need to resort once again to the old party remedy for heresies: terror.

Norway, Sweden and Denmark are taking steps to form an economic union along the lines of the Benelux accord among Belgium, the Netherlands and Luxembourg.

Two Servicemen Killed In Crash

GALLUP, N. M. (AP)—Two servicemen, including one from Pottstown, Pa., were killed when their car crashed into the side of a transcontinental bus skidding on icy pavement Monday.

The dead were identified as Kenneth W. Baldwin, 20, of Pottstown, and Duane M. Vaughn, 22, of Red Oak, Iowa. They were stationed at Oxford Air Force Base, Calif.

Seven persons aboard the east-bound bus, including the driver, were injured when it rolled over 2½ times three miles west of Prewitt on U. S. 66.

State police said the bus driver, Charles Owens, of Flagstaff, Ariz., apparently had just drawn up behind a slower moving vehicle and started to slow down when the bus began skidding.

EXPECT PANAMA TO OFFER CASH IN KILLER HUNT

By LUIS NOLI
PANAMA (AP)—Panama is expected to offer \$50,000 for information leading to the killers of President Jose Antonio Remon. The government also has asked the National Assembly for another \$50,000 for investigation expenses.

The Assembly unanimously approved the first reading yesterday of an administration bill authorizing the payments. Final passage was believed certain, probably Thursday.

Authorities said identification of the weapons used in the Remon slaying implicated ex-President Arnulfo Arias, one of 66 persons arrested.

Secret Police Chief Jorge Luis Alfaro said guns of the same type, German-made Schmeisser, 9-mm. machine guns, have been confiscated on previous occasions from Arias, who was ousted from the presidency in 1951 in a bloody coup by the national guard. Remon was head of the guard at that time.

Shortly after Remon, 46, was machine-gunned Sunday at the Juan Franco race track, Arias was arrested at his coffee plantation 300 miles west of the capital. He apparently still is being held there. Other suspects were still being picked up.

President Jose Ramon Guizado, who was sworn in early Monday, asked Washington to let FBI agents help in the hunt. American officials said U. S. law prohibits such a foreign assignment.

Wildcats' Last Half Surge Jolts Warrior Quint 58-48; Jayvees Drop Tight Contest

Collapsing in the last half after holding a 24-22 advantage at half time, the Gettysburg High School dribblers lost their third straight South Penn League game Tuesday evening at Mechanicsburg 58-48. The Warriors were outscored 15-7 in the third period and trailed the remainder of the way.

It was a nip and tuck first period which wound up at 13-11. Merle Gorman, who eventually collected 12 points, contributed a goal and trio of fouls, Jim Everly a pair of goals and Dick Hise and Glenn Weishaar one twin-pointer each to account for the Warriors points. But Kohlhaas and Kramer hooped six and five points, respectively, to spark Mechanicsburg.

The Forney-men moved ahead in the second period on a pair of goals by Ronnie Williams, a goal and foul by Gorman, another goal by Weishaar and a pair of free tosses by Hise, Kohlhaas and Bob Brackbill kept the Wildcats right at the heels of the Warriors.

GHS Loses Lead

Hise landed a foul early in the third frame to give Gettysburg a 25-22 lead but a jump shot by Kohlhaas and lay-up by Brackbill put Mechanicsburg out in front at 29-27 and Coach Tom Yost's aggregation led the remainder of the way. At the close of the third period Mechanicsburg held a 37-31 lead.

During the final period the Wildcats pulled away as Kohlhaas landed nine points on a trio of goals and a trio of fouls. Rolf Johnson kept the Warriors in the running with a goal and eight foul coverations.

Kohlhaas was the big gun for the winners, topping all scorers with 21 points, 15 of which came in the final half.

First Loop Reverse

The Warrior reserves dropped their first league tussle after two victories when they bowed in a hotly contested preliminary game 35-32. Ray Ellis' lads had a 12-9 advantage at half time but fell behind in the final period. Holtzman accounted for 19 points for the winners while Earl Little looped 13 for Gettysburg.

The Warriors will entertain Hanover here Friday.

JR. HI CAGERS DROP PAIR TO MECHANICSBURG

The Gettysburg Junior High cagers dropped both ends of a double-header to Mechanicsburg here Tuesday evening as they opened their 14-game season.

Coach Junie Sachs' varsity lost 32-17 while Ned Brownley's reserves dropped the opener 32-29.

Despite being smaller physically, the visiting varsity took charge of both boards with good rebounding to lead all the way by a comfortable margin. Lack of aggressiveness on the part of the Braves proved disastrous.

Visitors Spurt

During the first half neither team connected with any degree of consistency. At half time the Wildcats led 14-8 and then took complete command in the third period after which they had hiked their lead to 27-12.

Kenny Keefer was the top point man of the evening with 11 tallies.

A slow start proved fatal to the local jayvees as their opponents piled up a 10-2 lead in the first period. Gettysburg rallied in the third period to go ahead 22-21, but the fast-breaking Wildcats pulled the game from the fire in the last few minutes after a hotly contested affair.

The Braves will invade Hanover for another twin bill Friday.

ONLY TOP TEAMS CAN MAKE MONEY

PHILADELPHIA (P)—Owner Bob Carpenter of the Philadelphia Phillies says the only way his National League baseball club can make money under present circumstances is to be a pennant contender.

Carpenter said yesterday that only a first or second place finish would draw the fans into Connie Mack Stadium in sufficient numbers to make the Phillies operation financially successful.

The Phillies are now the only major league baseball club in a metropolitan area of more than 3,000,000 persons. But, says Carpenter, "with the terrible parking conditions" in the vicinity of the ballpark, the Phils can't begin to approach the necessary attendance without a contender. He said that last year the club lost a quarter of a million dollars while drawing 758,000 customers.

During spring training the Milwaukee Braves will meet the Brooklyn Dodgers 11 times.

OLD RECRUITING ISSUE CROPS UP AGAIN FOR NCAA

NEW YORK (P)—The question that almost smashed up the National Collegiate Athletic Assn. four years ago—recruiting of athletes— isn't dead yet.

It cropped up again today when the reports of the NCAA vice presidents to the general convention, opening this afternoon, were made public.

For the first time since the ill-fated "sanity code" was junked in 1951 to keep the organization from falling apart, serious objection to the current NCAA regulations were entered. The controversial subject now, just as it was four years ago, is how far the college can go in procuring good athletes and whether the NCAA should try to control these efforts.

"Alarming Trend"

The report submitted by Col. D. McAllister of The Citadel, NCAA

Dist. 3 vice-president, said:

Kansas City Adds 9,000 Miles In '55

CHICAGO (P)—Eight plane trips will be required in this year's American League baseball schedule with Kansas City as a new member.

League President Will Harridge today estimated the 1955 schedule, to be announced Jan. 17, will add between 9,000 and 10,000 miles of travel for the eight clubs over a previous average season.

"There are two views that are generally held by members of the third district:

"1. That the NCAA should not get into the enforcement business but there is an alarming trend in this direction.

"2. That the NCAA rule prohibiting the paying of travel expenses for the visits of prospective athletes to campuses gives rise to uncontrolled activities and abuses in this phase of the procurement program. Some suggest that there be authorized one visit to each campus at university or college expense."

The continued power output of your engine depends on both your gasoline and your motor oil! Your gasoline actually supplies the power, but your motor oil must keep your engine clean enough to deliver this power. When you use ordinary motor oils, power-robbing carbon deposits build up in your engine—thus reducing the power that any gasoline can give you. Esso Standard's great new Uniflo Motor Oil has been scientifically designed to combat these carbon deposits. Used in combination with new TOTAL POWER Esso Extra Gasoline it will give you continuous EXTRA-OCTANE PERFORMANCE — mile after mile and month after month!

ANTI-SEMITIC ISSUE SHOCKS SEC'Y. BENSON

WASHINGTON (AP)—Secretary of Agriculture Benson, "shocked that anti-Semitic implications have been raised," invited Jewish leaders to confer with him on issues raised by release of a letter commending the security ouster of Wolf Ladejinsky as U.S. agricultural attaché in Japan.

Edward Schultz, national chairman of the B'nai B'rith Anti-Defamation League, announced Monday acceptance of an invitation from Benson. Joseph F. Barr, national commander of the Jewish War Veterans, also accepted.

Barr and Schultz were among a number of American Jewish leaders who last week protested release of a letter to the department from George N. Vitt, a Russian emigre and now industrial editor of American Exporter Publications in New York.

Applauded Refusal
In that letter—shown to newsmen by Milan Smith, Benson's executive assistant—Vitt applauded Benson's refusal to allow Ladejinsky to continue as agricultural attaché in Japan after a new law transferred such officials from State to Agriculture Department control.

Ladejinsky, born in Russia 55 years ago and naturalized as an American in 1928, was ousted on security and technical grounds. He had been in Japan for four years, during which he supervised a land reform program that won considerable acclaim. He had twice been cleared by the State Department.

Vitt, who later charged he was "double-crossed" in the way the letter was released, wrote that a "goodly share" of Russian revolutionaries who came to this country were "found among the Russian Jews." In New York Monday, Vitt made public a second letter to Benson, repeating a denial that he was motivated by anti-Semitism. He stated:

"I fail to see that any question of anti-Semitism is involved in stating that any Jew or a member of any other minority oppressed in the U.S.S.R. who becomes a Communist is a traitor not only to his country of allegiance but also to his people in view of the merciless persecutions his brethren suffered in the U.S.S.R. . . ."

Benson said Monday he accepts "no responsibility for any of the statements or conclusions in the Vitt or any other letter received by the department in connection with the Ladejinsky matter." He also said, "It was a mistake to show the letter to reporters and by so doing imply the department's approval of its contents."

GAS SHORTAGE FATAL TO NOTED AVIATRIX, 32

LONG BEACH, Calif. (AP)—Ten more gallons of fuel might have saved Dianna Bixby, 32, noted aviatrix whose broken body was flown back here from Mexico by her grieving husband.

"If she'd have had any kind of break at all—if she'd had 10 more gallons of gas—she would have made it," said Lt. E.S. Childers, copilot of a San Diego Coast Guard plane which located the wreckage of Mrs. Bixby's plane.

Robert Bixby, 40, her husband, couldn't say anything to reporters when he arrived Monday night.

Mrs. Bixby's freight cargo plane, a converted A20 bomber, crashed Sunday 150 miles offshore in the Gulf of California, near Loreto, Baja California, Mexico.

Looked For Clearing
She and her husband, operators of an air freight service, had been flying two planes to Mexico to bring produce back. Bixby, flying about an hour behind his wife, heard her say over the radio she was nearly out of gas but thought she had spotted a clearing for a landing.

He searched by air, then returned to their Long Beach headquarters Sunday night.

He was waiting on shore at the scene Monday when Navy diver James Watkins brought up Mrs. Bixby's body. Her parents, Mr. and Mrs. E. E. Converse, Santa Paula, Calif., ranchers, were there too.

The Bixbys were married in 1948 and had two children. In 1950 they attempted a round-the-world flight, but engine trouble stopped them half way around at Calcutta.

Two Little Girls Die Of Exposure

BECKLEY, W.Va. (AP)—The bodies of two schoolgirls, last seen in the remote, heavily wooded area near their Egeria, W.Va., home last Nov. 1, were found Monday night by two hunters.

Sheriff John C. Ward said Irene Agee, 8, and her sister Mary, 6, were found about 1 1/2 miles from their home. He said they apparently had died from exposure.

About 25 feet away were their coats, head scarves, lunch kits and two letters they had picked up at the post office on their way home from school.

Organized searches had been conducted in the mountainous area for several weeks.

SUNBURY PLANT PURCHASED BY BARRETT FIRM

NEW YORK (AP)—The Barrett Division of Allied Chemical & Dye Corp. has formally announced its purchase of a Sunbury, Pa., manufacturing plant but did not disclose the purchase price or number of persons to be employed in the plant.

Thomas K. Kinsella, president of Barrett, said Monday his company planned to manufacture a full line of its roofing insulation board, sheathing, wall board and ceiling tile products in Sunbury.

He said it would take some time, possibly 30 days, for Barrett to detail its production set-up.

The company refused to comment on details of the purchase pending approval of the transaction by the firm's board of directors.

The sale was negotiated by a non-profit corporation organized by the community of Sunbury after the Westinghouse Electric Corp. moved its television assembly operations from the plant to Metuchen, N. J., last fall.

22,000 Lost Jobs
The Westinghouse removal cost the jobs of 22,000 people among the total Sunbury population of about 15,000.

Albert A. List, chairman of the board of RKP Theaters Corp., and his family owned the factory. In an endeavor to attract industry to Sunbury, List offered at one time to contribute \$100,000 to the community to help modernize the plant and attract another tenant.

The Sunbury Daily Item reported last week it believed the new industry will provide employment for several hundred men at the outset and will expand as conditions warrant.

The newspaper also said installation of equipment and remodeling indicated it would be six months or more before operations could start. The paper said, however, that the revamping of facilities will provide "substantial employment."

Purchase of the plant, the newspaper said, was made at a meeting in Sunbury last Friday. The newspaper quoted no purchase price for the property but said it was decided at a previous meeting of officials that the plant would be purchased by Allied for \$320,000. The plant is the largest industrial site in Sunbury.

Unemployed Sailor Confesses Murder

EBENSBURG, Pa. (AP)—A 39-year-old unemployed sailor has pleaded guilty to a general charge of murder in the "trick-or-treat" pre-Halloween slaying of 6-year-old Karen Mauk.

Judges Ivan J. McKernick and George Griffith Monday ordered Harry Gossard committed to Torrance State Hospital for mental observation.

The court said testimony will be taken to determine the degree of guilt after the hospital reports on Gossard's mental condition.

Karen's body was found in a cemetery not far from her home near Johnstown shortly after she left to participate in Halloween games last Oct. 29. The coroner said she was strangled.

"GOLDEN EARS" GIVE H. E. REEVES SOUND FOOTING

NEW YORK (AP)—A man with a sound approach to business is Hazard E. Reeves, who possesses one of the most cultivated "golden ears" in the country.

In high fidelity circles, an expert who can distinguish the delicate nuances of sound by ear in much the same way a wine connoisseur identifies vintage years by taste is given the accolade of "golden ear."

Reeves is the creator of stereo phonic sound systems for both Cinema and CinemaScope, the two big, curved-screen techniques which revolutionized the ailing movie industry and gave it a needed shot in the box office. He is president of Cinema, Inc.

REMON KILLERS ARE SAID TO BE PROFESSIONALS

PANAMA (AP)—Authorities pressed a nationwide search Tuesday for a band of unidentified pro-

sound tape, film and discs for the radio, television, movie and recording industries. But the roster of firms he founded or took over includes Audio Devices Corp., Pre-view Theaters, Hudson - American Corp., Winsted Hardware Manufacturing Co., Reeves-Hoffman Co., Bergen Wire Rope Co., Tele-Video Corp., Air Design Corp. and War- ing Products Co., stated originally by bandleader Fed Waing.

He has specialized in making professional killers accused of assassinating President Jose Antonio Remon at the instigation of his political enemies.

The "guns-for-hire" charge was made by Minister of Government Catalino Arrocha Graell in a funeral oration late Monday over the body of the slain chief executive, who was mowed down by machine-gun fire at a race track Sunday night.

"Mercenary hands armed by his political enemies" fired the bullets, Arrocha declared. There was widespread speculation that the killers may have been imported.

Arrocha spoke during burial services at the national cemetery. Thousands of persons lined the capital's streets to pay their final tribute as the funeral cortege passed from the Roman Catholic cathedral to the cemetery.

Have No Clues
There was no clue to the identity of the assassins. The National As-

sembly has decreed a 10-day stage of siege—a modified form of martial law temporarily suppressing some constitutional guarantees—to aid secret police in their hunt.

At least a score of persons, including ex-President Arnulfo Arias and two women, have been rounded up for questioning. Col. Saturnino Flores, deputy commander of Panama's national guard, has indicated strongly that the weight of suspicion is on followers of Arias, who was ousted from the presidency in 1951 by a bloody national guard coup. Remon then was head of the guard, Panama's chief military force.

Retains Old Cabinet
National guard headquarters said last night the assassins apparently used machine guns of German manufacture. Investigators said the shots were fired about 100 feet from the brilliantly lighted pavilion at the Juan Franco race track in which the 46-year-old strongman

President was standing with friends. Two other men were killed and three were wounded in the exchange of shots between the killers and Remon's bodyguard.

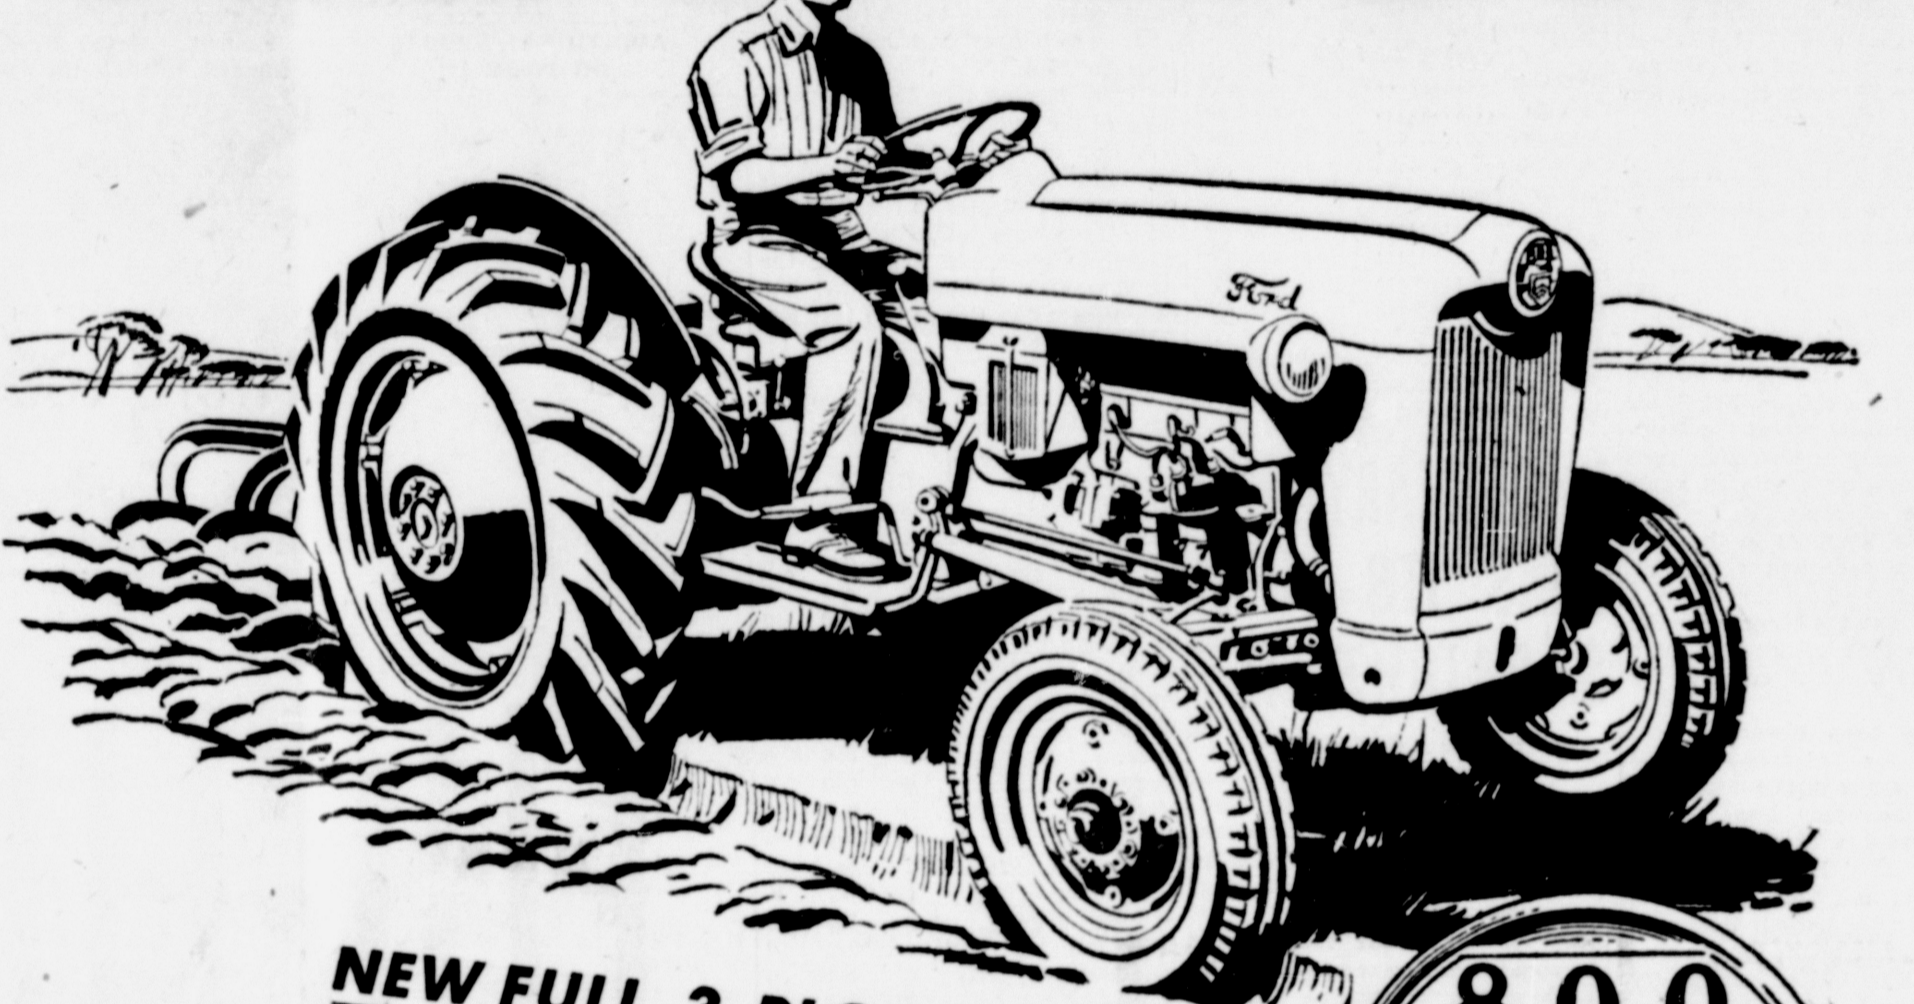

Former Vice President Jose Ramon Guizado, who was sworn in Monday as Remon's successor, kept the dead President's Cabinet almost intact. The chief change was the shift of Ricardo Arias, labor minister under Remon, to be foreign minister. This post formerly had been held by Guizado along with the vice presidency.

EXPECT IKE'S MESSAGE WILL WIN APPROVAL

By JACK BELL
WASHINGTON (AP)—Sen. George (D-Ga.) predicted that Democrats will have no "basic disagreements" with President Eisenhower over foreign, national defense and world trade policies in the Congress session opening today.

George, in line to become the chairman of the Senate Foreign Relations Committee, spoke out after Republican legislative leaders predicted the President's State of the Union message will be "well received" by the country.

Saying he doesn't believe it contains anything new or startling, Sen. Knowland of California, the GOP floor leader, said he thinks the message "will be well received by the Congress and the people."

Get Preview
Eisenhower gave GOP leaders a preview of the message at the White House Monday.

The President was said to be stressing in the message a new defense concept in which proposed military manpower reductions would be offset by the employment of new weapons and closer links with America's allies.

The manpower cuts, already announced, have brought Democratic demands for a review of over-all military policy.

Take Optimistic View
Eisenhower was represented as taking an optimistic view of the nation's long range economic prospects and was said to be emphasizing in the message plans to advance the health and economic welfare of the country.

Some lawmakers said the message was being redrafted into the final form before the President's scheduled delivery at a joint session of Congress Thursday. Radio and television networks will carry the speech.

Senate and House Democrats and Republicans planned separate meetings today to settle on party floor leaders, with no upsets or contests in prospect.

Convenes At Noon
The new Congress convenes at noon tomorrow, with the Democrats taking over control and then marks time until the President's message a day later.

Without direct reference to the message, George said in an interview that unless something unfore-

MOM HEARS SON ADMIT MURDER

NEW YORK (AP)—A woman whose husband was murdered in a store holdup 20 years ago has heard her son plead guilty to a similar slaying that robbed another family of a husband and father.

Joseph Ferrantelli, 19, born a few months after his father was shot by holdup men in his Brooklyn grocery store pleaded guilty to second-degree murder Monday. He admitted the holdup slaying of Arnold Fuchs, 70, outside his Brooklyn haberdashery shop Dec. 21, 1953.

Judge Samuel S. Leibowitz deferred fixing a prison term, but the youth faces a minimum sentence of 20 years.

Joseph stood before the judge, apparently unmoved, while his mother and Fuchs' widow Harriet, 65, wept nearby. Later, as he embraced his mother, Mrs. Ferrantelli remembered that other tragedy 20 years ago and sobbed:

"I know how the Fuchs family feels."

GUNMAN SLAIN IN HOLDUP TRY

NEW YORK (AP)—A robber suspect was shot and killed in an apparent holdup attempt Tuesday in a branch of the New York Trust Co. in the heart of Manhattan's garment district. A bank guard was wounded.

The shooting attracted thousands of passersby to the bank, at 7th Ave. and 39th St.

The suspect, brought down by gunfire from a former city policeman, was tentatively identified by police as Ellison Gaylord Grey, 29, a Negro, of 2208 Benton Blvd., Kansas City.

Police said the suspect fired a shot wounding Edward A. Kaszuba, 38, a bank guard, and was shot to death a moment later by William Rettig, 61, a former crack shot in the police department.

Kaszuba was taken to a hospital with a bullet wound in his right leg above the ankle.

seen develops, he believes relations between the Democrats in Congress and the White House will be good.

"On the foreign affairs, international trade and national defense programs, I do not think there will be any basic disagreements with the President," he said. "Perhaps there will be arguments over some details. But I do not anticipate sharp, fundamental differences over even most of the domestic program."

George said he will not push in 1955 for tax-cutting increases in personal income exemptions of the kind he sought unsuccessfully last year. He said he believes exemptions should be raised, but not until greater progress has been made toward balancing the budget.

Photographic Highlights Of 11th Annual Times' Employees Dinner

Dr. Baughman

(Continued from Page 1)

held by The Times family, and their guests. Among those introduced were: Dr. and Mrs. Henry W. A. Hanson, Edmund W. Thomas, Philip R. Bickle, Attorney Leighton C. Taylor, Rev. Fr. Thomas J. Kilcullen, and State Secretary of Internal Affairs William S. Livenood. Messages of regret for inability to attend were read from Judge W. C. Seely, Dr. A. R. Wentz, Franklin Moore, Dr. Walter C. Langsam, Dr. Lloyd C. Keefeaver and C. William Duncan, all of whom had been speakers at previous dinners.

Lauds Dickson, Keith

The toastmaster paid tribute to the late Dr. J. McCrea Dickson, one of the original participants in the present company, saying his interest in public affairs was as much a service to the community as his outstanding surgical ability.

He also praised the late John D. Keith whom he credited with charting the policies of The Times when "he restored as our guide Robert Harper's motto—"With Honor to Ourselves and Profit to Our Patrons."

The growth of The Gettysburg Times was emphasized in the remarks of Mr. Scharf who revealed that five years ago The Times published 3,190 pages during the year and that last year it published 3,936 pages, an increase of 23.4 per cent. Five years ago the circulation of The Times was 4,099 and last year it had risen to 7,936, an increase of 93.6 per cent.

Lauds Times, WGET

Using as his theme "Our Times," Dr. Baughman told the members of The Times Staff and their guests, including the wives and husbands of employees, "It wasn't long after I came here that I came to know the place of The Times in our community. It is 'Our Times,' and you are a part of one of the important works of our times. Communications is one of the important things of our times and I include WGET and The Times as representing our communications line. What an important place the dissemination of news has in the whole life of our community."

"You remember when Camp Sharpe was here during World War II. Those men were being trained in the art of communications to disseminate the message of this country to the people behind the enemy lines. They were trained to use all means of communications. And they were trained as well to destroy the communications of the enemy. That

is a first objective in any war, to destroy the communications of the enemy. As long as the lines of communications are open the community is serene; when they are cut off, people find themselves confused.

"Accurate Reporting"
"At this dinner of The Times family you have all sorts of people. Those who made the investments that furnish the sinews, the people responsible for the writing and editing of the publication, those who man the machinery, and turn the levers and keep the accounts, and do all of the thousands of duties that are required to bring the newspaper to the home.

"Let me not suppose that he is not doing an important thing. The work of the newest apprentice, the work of the proof reader or the editor is equally an important part as the work of any other. Think what would happen if you, each of you, did not do his part.

"I observe that when the affairs of the community are reported, or speeches are reported, they are accurately represented in 'Our Times.' This has not always been true in all communities.

"Our times are difficult times, marked by tensions and in many places fears. There seems to be a constant threat of confusion and chaos over us.

"Living In Fear"

"I am reminded of a report from Washington in which it was stated that the President of the United States had simply pondered and had been unable to say a word upon receipt of a communication. What was this news that was so fearful and great that the President could not utter a word concerning it? It was simply a sober, factual report of the hydrogen bomb and what they can do to the world.

"People today are living in fear. The destinies of nations tremble in the balance. It is a day when many peoples fear to do what they should do because of fear of terrible retribution.

"Our times are difficult and uncertain. But these are not the only times in man's history that have been uncertain. And the present times can lead us to a better world if we realize that each one of us has a contribution he should make to our times.

"The times demand people of responsibility, people who will take the responsibility placed upon them, whether it be great or small. We think sometimes that we are creatures of circumstance, we are sometimes inclined to excuse ourselves because we feel that someone else is responsible. But each of us determines for himself where he is going. And if we have men and women who will accept responsibility, then the community, the state and nation will rise to their responsibilities, for they are but the accumulation of all of us.

"Religious Conviction"
"The times demand a sincere religious conviction. I lived through the cynicism of the 1920s, the despair of the 30s and I think I recognize today an increase in religious conviction. We probably all look at the realities from different vantage points but we need men and women who maintain a right

Above are photographs taken during the annual dinner of The Gettysburg Times for its employees and their families at the Hotel Gettysburg Tuesday evening.

relationship with God.

"During the war an American unit entered a city which had not been destroyed. The soldiers thought it would be booby-trapped and investigated thoroughly. They found that the Germans had mined everything, but with typical thoroughness had cut all wires, even the one to the main power house. Thus when the switch was thrown to demolish the city there was no explosion.

"Sometimes we find ourselves so impressed by what is before us, the tangible, everyday world, that we forget to maintain the main connections, as it were, to God. And so nothing can happen. We are not in contact.

"Oswald Spengler, after studying the decline and fall of seven civilizations said there was one common denominator in the cause of the fall of all of them. When people lost their religious concept, when there was no vitality in their religion, then they fell as a nation. Arnold Toynbee, who has studied 20 civilizations, tracing their rise, decline and fall, also finds the loss of religious conviction as the common cause for the fall of all of those civilizations. But he holds out hope for our own civilization, because for the first time we have the universal Christian religion as the hope of the world. I firmly believe that the security of our civilization and the hope of the future depends entirely on keeping alive our religious faith.

Comments WGET Service
"I was interested in Mr. Scharf's report here tonight because, while it gave financial figures, it was, primarily, a report of expanded service to the community. That is what was stressed. On Christmas Day I tuned into WGET to hear an ex-

cellent program, and heard that it was presented as a public service. If we can be motivated by the idea of service then we can progress."

Dr. Baughman was presented with a framed certificate making him, as have been those who spoke at other Times dinners, an "honorary member of the Times staff."

Wellington Wolf, Reading, presented "Humor in Music" in a program that included a number of humorous songs and closed with a "one-man, one-act opera designed to sound as operas would sound to a person who knows nothing whatsoever about opera."

Award Prizes

A number of door prizes were awarded. The guest prizes, a French purse and Ken cards, respectively, went to Mrs. Carroll Smith and Samuel Noel. The first prize for women employees, a set of Bootonware, was awarded to Mrs. Dorothy Luckenbaugh and the second prize, a sweater, went to Mrs. Samuel Noel. The first prize for men employees, a jacket, went to William Small and the second prize, a sports shirt, to Cunningham Noel.

P. H. Cunningham, station manager of WGET, attending his first annual Times dinner, introduced members of the radio staff and their wives.

Asks Confidence In France As An Ally

NEW YORK (AP)—Retiring French Ambassador Henri Bonnet, who is sailing for home today after 10 years in Washington, says he wants Americans to have confidence in France as a "full-fledged" ally with the will and ability to stand against Soviet expansion.

He says it is his "cherished ambition" to continue working for closer French-American unity. The 66-year-old diplomat voiced these sentiments last night at a dinner given in his honor by a French-American committee.

and fruit" theme to the entire section made up of counties. The men will wear blue denim overalls and blue denim jackets, white caps, and will carry white canes. Discussion at the meeting indicated that the uniform for the men was adopted not only because the county is an agriculture area, but the blue denim can be purchased large enough to permit the marchers to wear heavy clothing underneath.

No decision was reached on the uniform for the ladies. A committee headed by Mrs. Beatrice Ballard, Gettysburg R. 3, and Mrs. Regina Myers, Bonneauville, was named to make arrangements for a uniform costume to be worn by the ladies marching with the contingent.

Plan Victory Dinner

Both men and women will wear on their uniforms a badge and banner. The badge, in red, white and blue will bear the inscription "Our Governor—Leader—Pennsylvania." and on the eight-inch banner attached to the badges will be the wording, "Inauguration, 1955, Adams County Democratic Committee."

The county committee plans to furnish the caps, canes and badges and banners, while those marching will each purchase the remainder of their uniform.

Further details of the county's participation in the parade will be announced as plans develop, Chairman Klunk said.

Pope Takes Rides In Ancient Open Car

(Continued from Page 1)

VATICAN CITY (AP)—Ailing Pope Plus XII now uses an ancient open automobile for his daily ride in the Vatican gardens. The old car, a German-made Mercedes that once belonged to his predecessor, Pope Pius XI, enables the 78-year-old head of the Roman Catholic Church to get more fresh air.

It also permits him to sit more erectly than is possible in his more luxurious, soft-cushioned modern limousine. This is helpful for his gastric ailment.

Serious Crimes In U.S. Hit New High

WASHINGTON (AP)—FBI Director J. Edgar Hoover's year-end report to Atty. Gen. Brownell today said serious crimes in the United States climbed 5 per cent to a new record high in 1954. Hoover said this occurred in the face of increased police efficiency.

The report said that although homicides and auto thefts declined in 1954, "the past year will record a new high for the past 10 years in crimes of robbery, aggravated assault, rape, burglary and larceny," along with sharp increases in the looting of banks by raid or embezzlement, frauds against the government, and theft of government property.

Rayburn Becomes Speaker Of House

WASHINGTON (AP)—Rep. Sam Rayburn of Texas takes over today as House speaker, a position he has filled twice before and longer than any other man in history.

"We're not going in hating President Eisenhower just because he's a Republican," he said. Rayburn, 73 tomorrow, is undisputed leader of his party in the House and something of a symbol of Democratic party fortunes for the past 42 years he has been in Congress.

Dr. Robert Fortenbaugh, chairman of the museum committee, describing 1954 as one of the best the society has known in so far as acquisition of historical items is concerned, listed these new additions to the society's collection:

From Dr. Alexander O'Neal came another ledger of his grandfather, Dr. J. W. C. O'Neal, and a bound series of articles on "The Vanishing Spas of Pennsylvania" which included four sites in this county: Cold Springs (Sweeney's), Gettysburg, Katalysine, Graeffenburg and York Springs; from Nelson Sharretts, an 1847 naturalization paper of Adam Pfoutz, late of Gettysburg, who came here from Bavaria, and other Pfouts papers; from Mrs. Anna Plank, an 1850 census record for Gettysburg made by Jeremiah Culp and stereoscopic views of the battlefield.

Have Many Visitors

For the Genealogy Committee, Mrs. George Ditchburn reported that genealogies of 81 county families now are on file. She said a card file has been made on Gettysburg tax lists from 1800 to 1829 and added that a county map is being prepared showing locations of all churches and graveyards.

Miss McMillan said the museum rooms in the court house basement were open 236 days last year and had 194 visitors from 10 states and points as far distant as the Philippines.

She spoke of the need for additional volunteer help in keeping the society rooms open each afternoon and said Mr. Stauffer, who serves Saturday evenings; Mrs. Mary Dutcher; Misses Emily and Louise Brinkerhoff; Mrs. Effa Chapman and Miss Betty Diehl have been serving.

To Work In Old Cemetery

The society voted its thanks to the York Historical Society for "advice, help and gifts" and directed a letter of appreciation to the State Historical Commission for erecting roadside markers in the county last year.

J. M. Sheads, chairman of the committee on restoration of old cemeteries, told the society the Junior Historians at Gettysburg High School plan to work this year in the old Episcopal graveyard near Heidlersburg. He also pointed out the need for signs indicating the location of the society's rooms and museum in the court house basement.

ASSUMES NEW DUTIES

HARRISBURG (AP)—William P. Roan, Larksville, today took over the \$8,352-a-year post as secretary of the Public Utility Commission. Roan, retiring secretary of the state House of Representatives, was named by the PUC yesterday to fill a vacancy created by the retirement of J. Allen Walter, Lebanon. The appointment was made with the approval of Gov. John S. Fine.

Council Is Given Progress Reports

Project that were completed during the month of December were announced Monday evening at the monthly meeting of the Taneytown Borough Council in the Municipal building.

A new well has been dug at the pumping station, Commerce St., and the pump has been installed. Borough officials reported that the station will be operating sometime this month.

A payment of \$21,000 was made to the W. F. Wilson and Sons Contractors, engineers for the Taneytown sewer project, for work done on part A of the sewer.

Additional street lights will be placed on the Mill Rd., near the Duttra property, and at Pump House Five.

The next meeting of the council will be held February 7, 1955.

Judge Favors Jail For Drunk Drivers

PITTSBURGH (AP)—Judge Anne X. Alperin says she thinks that jail sentences should be mandatory for persons convicted of drunken driving.

"I don't think this menace will ever be erased by fines... legislation making a jail sentence a part of drunken driving would be the only way to stop people from driving when drinking," she asserted.

The female jurist made her proposal yesterday after sentencing a disabled veteran to 60 days imprisonment for ramming and demolishing a parked car while he was driving under the influence of alcohol.

SAYS LEADER IS NOT PARTIAL

HARRISBURG (AP)—Mayor David L. Lawrence of Pittsburgh says he believes Gov.-elect George M. Leader will not "draw any lines" of partisan politics in selecting cabinet members.

"The right person for a cabinet post might be selected regardless of politics," the Democratic national committeeman told a television audience last night over station WTPA.

He described as "the best kind of politics" that which "gives good government."

Commenting on Leader's designation of Dr. Berwyn F. Mattison of New York state as health secretary, Lawrence said:

"If I know Leader he'll not be blocked at the county level or any level by professional politicians in the administration of a non-political public health program."

Lawrence praised Leader's choice of former state Sen. Harry Shapiro of Philadelphia as welfare secretary and predicted Shapiro would "be the greatest welfare secretary the state has ever had."

To date Leader has named nine persons to posts in the 18-member official family.

Members of the Taneytown Lions Club will hold a ladies' night Tuesday evening at 6:29 o'clock at Taney Inn.

The Pittsburgh Pirates hit only three home runs off Milwaukee pitching during the 1954 season.

GRID DEATHS CLIMB TO 25 IN LAST YEAR

NEW YORK (AP)—Football deaths continued to rise in 1952, and in the opinion of Dr. Floyd Eastwood of Los Angeles State College will increase even more in the next two years.

Dr. Eastwood's 23rd annual report to the American Football Coaches Assn. last night showed 25 deaths last season — highest since 1949 and almost 7 per cent above the average in the 23 years records have been kept. It was the second straight season deaths have increased.

The report indicated faulty equipment was a major factor rather than the increased physical strain of one-platoon football.

Six Recommendations

Among recommendations made to the AFCA Board of Trustees:

1. A complete physical examination for players before the season and at midseason.

2. That no boy with a history of heart abnormalities be allowed to play.

3. That every concussion be X-rayed immediately.

4. That players suffering serious concussions be barred from further play.

5. That no institution be allowed to play a football game unless a physician is on duty on the field.

6. That continued and increasing emphasis on tackling and blocking practice be maintained throughout the season.

Erdelatz Considers 5-Year Contract

ANNAPOLIS, Md. (AP)—Navy Football Coach Eddie Erdelatz has under consideration a new five-year contract to keep him on the job here at the U.S. Naval Academy.

Home fresh from a 21-0 Sugar Bowl triumph over Mississippi on New Year's Day, Erdelatz said only:

"I am happy to get the offer."

In his five seasons at Navy, Erdelatz's teams have beaten Army four times. His contract expires this year. The salary was never disclosed, but was believed to be about \$15,000 per year. The new contract reportedly contains a \$2,000 raise.

More Liberal Substitution Rule Backed By Grid Coaches

By MURRAY ROSE NEW YORK (AP)—Unless the NCAA Rules Committee vetoes the coaches, there will be more liberal substitution rule in college football.

It won't be any return to the two-platoon game by far, but it will make life a little easier for the coaches, especially those with thin-manned squads.

Recommendations for easing the sub rule, for strengthening the rule on "sucker" shifts, and changing the kickoff rule to make for more spectacular kicks were made last night by the Rules Committee of the American Football Coaches Assn. The three recommendations are expected to be approved by an overwhelming margin by the coaches themselves today.

Committee Meets Monday

Then it will be up to the NCAA Rules Committee, which meets here Monday, Tuesday and Wednesday. The NCAA group overruled the coaches two years ago when they tossed out the unlimited

substitution (two-platoon) rule, but is expected to go along with them this time.

The AFCA, the American Assn. of College Baseball Coaches (AACBC) and the NCAA are holding concurrent conventions here. The two coaches associations provided the big news yesterday while the NCAA council was setting up the agenda for its major affairs Thursday and Friday.

New Sub Rule

The new football sub rule would allow any player who starts a quarter to re-enter once during the same quarter. A player who doesn't start the quarter may not re-enter. The present rule does not permit a player to return in the same quarter in which he is withdrawn except for the final four minutes of the second and fourth quarters.

The "sucker" shift recommendations was directed at linemen. A note would be added to the present rule saying "once a lineman has taken his place on the line of scrimmage and assumed or simulated a three or four-point stance, thereafter there can be no movement before the start of play." But if he merely takes a two-point stance with his hands on his knees, he still may move.

To permit more "spectacular" kickoffs, a tee may be used to elevate the ball three inches instead of one inch as at present.

Littlestown's undefeated basketball team got off to a brilliant start in the Adams County League by edging East Berlin 48-44 in a thriller Tuesday evening at East Berlin. The loss snapped a six-game winning streak for the Indians.

It was a nip and tuck game although the Bolts led throughout. The Thunderbolts led 42-40 with a minute remaining and then sewed up the decision when Stan Mummert and Jay Shovaker each landed a pair of fouls when Mummert adding another pair in the final five seconds.

Dean Selby and Mummert accounted for 18 and 16 points, respectively, to lead the Bolts in the roughly played game. Nelson Groupe was high for East Berlin with 10.

Canners Bow

New Oxford grabbed a 12-6 lead in the first period and were on top the remainder of the way as they drubbed Biglerville 55-27 on the Canners' floor.

Jim Haverstick took the scoring honors for New Oxford with 13 tallies while Ronnie Groupe tabbed 11 for Biglerville.
